MOHOMED SAJID

SOFTWARE ENGINEER | ANDROID & FULL STACK SPECIALIZATION

+94 72-690-8294| mohamedsajid450@gmail.com |
Colombo, Sri Lanka
LinkedIn: mohamed-sajid | GitHub: SAJIDMIM

PROFILE SUMMARY

Dedicated Software Engineer with experience leading teams of up to four to deliver web and mobile applications. Proficient in building applications using React, Java, Spring Boot, and Kotlin, with a track record of achieving 100% functional accuracy and endpoint validation. Expertise in API integration, database management, and developing scalable solutions, including those leveraging AI and machine learning.

TECHNICAL SKILLS

Programming: C, C#, Python, Java, JavaScript, PHP, Kotlin, Laravel
Frameworks & Tools: React.js,Angular,Node.js,Express.js Spring Boot, Firebase, RESTful APIs, MVC, Streamlit, PlatformIO
Databases: MySQL, MSSQL, NoSQL,PostgreSQL.
Cloud & DevOps: Microsoft Azure, AWS (basic)
Other Tools: Figma, Photoshop, POSTMAN, UML Diagrams, Office 365, Google Console, EmailJS,Power,Auth.
Specialized Areas: AI, ML, NLP, LLMs, IoT, Emerging Techs and UI/UX Engineering.

Operating Systems: Linux

AI Tools: Replit,Claude,Chatgpt,Loveable,Deepseek,21stdev,Gemini AI,Cursor,Blackbox,Copilot

PROFESSIONAL EXPERIENCE

Gamage Recruiters Pvt Ltd, Panadura | Software Engineer Intern, Remote | 09/2025 – 03/2026

- Developed scalable MERN stack and Firebase applications based on business requirements.
- Built reusable components to improve maintainability and performance.
- Implemented features, enhancements, and API integrations.
- Conducted code reviews, debugging, and production issue resolution.
- Improved application stability by fixing critical bugs and handling edge cases.
- Collaborated with Agile teams using Git, contributing to testing and documentation.

Rathna Pearl Grand City Hotel Pvt Ltd,Bambalapitiya | Trainee IT Officer, On-site | 07/2026 – 09/2026

- Provided technical support and troubleshooting for hardware, software, and network issues.
- Managed IT equipment, Microsoft 365, Outlook, user accounts, and email services.
- Maintained network security, system updates, backups, and data recovery.
- Supported hotel operational systems to minimize downtime and ensure reliability.
- Coordinated with vendors, maintained IT documentation, and supported technology improve

PROJECTS

SafeDrive - Vehicle Damage App | Team Leader, Backend Developer | 02/2025 - 04/2025

- Led a team of four to develop a mobile app for vehicle damage reporting and insurance claim tracking.
- Developed 100% of the user-side backend using Kotlin, XML, and Firebase Realtime Database.
- Implemented secure user/admin authentication systems with 100% accuracy.
- Integrated Google Maps API for real-time service center location tracking.

- Enabled multi-vehicle damage reporting with image uploads and an integrated admin approval system.
- Provided 100% support for resolving technical issues across users and admin modules.

Triple A - Inventory & Staff Management System | Team Leader, Frontend & Backend Developer | 11/2023 - 08/2024

- Spearheaded the design and development of a comprehensive inventory and staff management system using C# backend and MSSQL database.
- Leveraged NuGet packages and Guna UI Framework to build a modern, responsive, and user-friendly interface.
- Lead a 4-member team and ensure on-time delivery while maintaining high-quality standards.
- Designed and documented over 30+ UML diagrams to visualize and streamline the development process.
- Managed backend development and API integrations in full, alongside contributing to UI/UX design and functional testing.
- Generated automated weekly and monthly reports for stock, employee performance, and reorder levels to support data-driven decisions.

EDUCATION

- **BSc (Hons) Computing (Software Engineering Pathway)** | NIBM | 2023 - Present [Final Year, completing 2nd Year]
- **Diploma in Software Engineering** | National Institute of Business Management | 2024 [GPA 3.46,1ST Year]
- **Certificate in Software Engineering** | National Institute of Business Management | 2023
- **Diploma in Information Technology** | Esoft Metro Campus | 2022
- **G.C.E O/L - 2020 Batch** | Amana International School | 2021

CERTIFICATIONS

- JavaScript & POSTMAN API Fundamentals – LetsUpgrade (2025)
- Oracle Database Fundamentals & Design – NIBM (2024)
- Full Stack Development (MERN) – NIBM (2025)
- Red Hat System Administration – In-Progress | NIBM

SOFT SKILLS

Leadership, Communication, Time Management, Problem-Solving, Critical Thinking, Decision Making

LANGUAGES

- English (Fluent)
- Sinhala (Basic)
- Tamil (Basic)

LEADERSHIP & ACTIVITIES

- **Senior Batch Representative** – National Institute of Business Management (NIBM)
  Represented the student batch, coordinated between faculty and students, organized academic activities, and addressed student concerns.
  Actively contributed to sustainability campaigns aimed at reducing plastic usage within the campus.
- **Member** – IEEEXTREME 19.0, NIBM [Former]
  Collaborate with the organizing committee to plan and execute program events, ensuring operational success and participant engagement.
